

Destiny by Campbell 12

A dream it seems to me,
Will it ever set me free?
Please don't ever let me know,
And I'll let my blindness grow.

Is it ruining my life?
Is it holding me back?
Days go rushing by,
And it makes me want to cry.

What is my destiny?
Am I living just a lie?
And for my destiny,
I'm waiting for a sign.

My destiny,
Will it ever bring to me...
My destiny,
Will it ever come to be...
My destiny,
Will I ever believe
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.

And for the love I feel I need,
Those feelings tear me apart.
Will I ever plant the seed,
And feel another's heart?

Now I've said my only dream,
Is all I'll ever need.
But is it really what I want,

What I want to see.

What is my destiny?
Am I living just a lie?
And for my destiny,
I'm waiting for a sign.

My destiny,
Will it ever bring to me...
My destiny,
Will it ever come to be...
My destiny,
Will I ever believe...
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.

Time and time again,
I've wondered where I'll be.
Really hoping for a place,
Where I will always be free.

What is my destiny?
Am I living just a lie?
And for my destiny,
I'm waiting for a sign.

My destiny,
Will it ever bring to me...
My destiny,
Will it ever come to be...
My destiny,
Will I ever believe...
In the destiny,
I think I want for me.

In the destiny,
I think I want for me.
In the destiny,
I think I want for me.
In the destiny,
I think I want for me.

My destiny,
My destiny,
Will it ever come to me?
My destiny.
